Curton Stone Taupe

Terra Nova

A decoration with warm and natural tones derived from elements such as ochre, terracotta, raw wood, and limestone. Use of artisanal textiles, ceramics, and recycled metals to create a warm and exotic atmosphere.

Neo Classic

A style that blends classic and contemporary elements, incorporating noble and ancient materials like marble and marquetry, paired with modern and sleek architecture and objects.

The neo-classical style creates sophisticated and refined interiors for a luxurious and balanced ambiance.

Tamo Natural

Japandi

A harmonious fusion between Japanese minimalism and Scandinavian style. Clean lines and an aesthetic reduced to the essentials. The Japandi style creates serene and balanced spaces with a soft color palette: neutral shades and tones like white, gray, beige, and subtle touches of green or blue.

Modern Rustic

A mix of raw materials on one hand: natural stones, wooden beams, and contemporary materials on the other hand: polished concrete, metal, and glass to create contrast and add a touch of modernity. This style creates a perfect balance between rustic authenticity and contemporary design, offering spaces that are both warm and elegant.

Urban Street Light

Retro

Celebration of trends from the 1950s to the 1970s, integrated into modern interiors. Bright and bold colors, curved shapes, chrome and wooden objects. All these elements create a space that is both modern and nostalgic.
